If yes, what is the connection Number(s)?

I, the applicant, understand that if I wish to proceed with the application I shall have to make payments for all material and labor charges involved in the laying of the connection for the nearest water main to the boundary of the property. Payments of these charges will be made before the connection is made. I shall be responsible for any pipe and fitting inside the property boundary downstream of the meter installed by the Water Department, and will be held responsible for the well being of said meter. I also agree to pay all water rates and charges that may be due within 30 days of being billed for the same.
