PRESS RELEASE
LAUNCH OF THE IRD WEBSITE

The Inland Revenue Department (IRD) is pleased to announce the launch of the **IRD website**. The website and content was developed by the IRD team in conjunction with our technical partners at the Department of Information Technology and E-Services (DITES), and our marketing partner What We Do In Anguilla (WWDIA).

The website will provide for ease of access to information about the various taxes, licences and other fees and services administered by the IRD. It is hoped that the website will support you, our valued taxpayers and other stakeholders, with the necessary information to promote voluntary compliance. The website also allows for users to provide feedback and make request of IRD. The site will be continuously updated so all stakeholders can have access to relevant, current information.

Our primary goal with this website was to create a valuable, user-friendly, modern and responsive resource with the ability to be used across all platforms and devices. Some of the features include:

- Information on Taxes and Licences
- Access to Tax Laws
- Useful Brochures, Frequently Asked Questions (FAQs) and Instructional Videos
- Forms and Guides
- Press Releases and other publications
- Tax Calendar and much more

For your convenience, a link to the **IRD Online Portal** is also provided on the website. The portal will be officially launched on **Wednesday 15th September 2021**. Together, the IRD's website and Online Portal provides for easy access, and allow you, our valuable stakeholders, to update and manage all your tax affairs to maintain compliance with Anguilla's tax laws.

The website can be accessed at <http://www.ird.gov.ai>. We hope you enjoy and make use of the website! For any suggestions, questions or comments please contact us at inlandrevenue@gov.ai. We look forward to your continued support and cooperation as we seek to improve our service delivery, and make it more convenient for you to work with us.

Regards,

Lonnie Hobson (Mr)
