### **Procurement Notice**

**Published on 26/Jan/2018**

**WATER SUPPLY AGREEMENT 2018-2028**

**(The Project)**

**Project Ref: WCA-WSA001 2017**

**Principal & Client: Water Corporation of Anguilla Ltd.**

#### **PROJECT DESCRIPTION**

The Water Corporation of Anguilla [WCA], established by the Government of Anguilla, is responsible for the supply of drinking water to the community of the island.

WCA is pursuing the improvement of the supply of drinking water and intends to sign a Water Supply Agreement [WSA] for the years 2018-2028 [The Project] with a professional and experienced water production company [WPC], for the production and supply of drinking water, based on reverse osmosis desalination of seawater [swro],

The Project includes:

1. a ten-year Build-Own-Operate and Transfer Agreement, for the guaranteed daily supply of defined volumes of water;
2. the buy-out of an Existing Plant with two swro units of 250,000 US Gallons per day per unit;
3. the construction of a New Plant with a capacity of at least 250,000 US Gallons per day;
4. the future Expansion, with a similar unit;
5. the supply of a Storage Reservoir of 1.5 million US Gallons;
6. Appurtenances (lines and valves)

WCA is outsourcing the production of water and will tender the WSA, in view of investments required and the financial implications thereof, acting in agreement with the applicable procurement guidelines.

#### **INFORMATION AND REGISTRATION**

Interested companies are invited to visit the following website <http://www.gov.ai> or the [Facebook](#) page of the Water Corporation of Anguilla to view this Procurement Notice and The Invitation to Tender, for the qualification requirements and further instructions.

WCA reserves the right to accept or reject any bid, to annul the process and reject all bids, at any time prior to award of contract, without thereby incurring any liability to the affected prospective bidder(s)
